WHO WE ARE

20 YEARS OF EXPERIENCE

Founded in 1997 by Rafael Franco, NETSHOE was created as a consultant for shoemaking supplies - both leather and uppers. Over the following 20 years, Rafael and his team developed a network of business relationships that connects footwear manufactures from all around the world like Angola, Bolivia, India, Ivory Coast, Portugal, Serbia and Spain.

NETSHOE has a partnership with Northern Leather Products and Northern Tannery an Indian group of companies with over 6 decades of experience in creating impressive products and services for international markets. The group employs 50 staff supervisors and over 600 proficient workers that always deliver the best work in shoe uppers made with leather.
